

DRYWALLito

A Quarterly Newsletter from Paramount Drywall and Paramount Stucco

Projects in the Works

This quarter Paramount's crews are working diligently to complete the drywall and stucco contracts at the Dermatology and Surgical Center in Key Biscayne, Florida for Garmon Construction. This is an AHCA (Florida's Agency for Healthcare Administration) approved medical facility. We are also nearing the completion of another medical facility, the Baptist Medical Plaza in Davie, for Arellano Construction.

Paramount is also busy doing work at multiple educational facilities in the South Florida area. At Florida International University, Tamiami Campus, our workers just started the drywall contract on the FIU SIPA Building for Suffolk Construction. This is our third project for Suffolk Construction during the last two years. At the University of Miami we continue to complete the drywall contract at the UM Alumni Center under the direction of Arellano Construction and work broke ground at the UM Wellness Center which Arellano just awarded to us.

Dermatology and Surgical Center in Key Biscayne, Florida for Garmon Construction

In Okeechobee, Florida, we recently completed the stucco contract at the Florida Seminoles Veterans Building for D.E. Murphy Constructors, Inc.

Our residential division is still a little slow due to the continued economic crisis but we are managing to complete a few units for Pulte Homes, Centex Homes, D. R. Horton, and

New Urban Communities among many others in Southeast, Central and Southwest Florida.

We want to remind all of you that our estimating department has the capability of working with you on your negotiated Design/Build projects from conceptual drawings to permit drawings. ■

The owners of Paramount Drywall and Paramount Stucco also own AMERICAN BUILDERS, LLC., a bonded, licensed and insured structural shell contractor performing work in South Florida. Founded in 2001 by the Robelo Family and Marcelo Arguello, this affiliated company works strictly on residential custom homes and small to medium size commercial jobs. Since 2001 AMERICAN BUILDERS has completed the structural shell of more than 250 structures ranging in size from 2,500 to 40,000 sf. We invite you to give AMERICAN BUILDERS a try...we promise you will not be disappointed as you will get the same outstanding value, quality and exceptional customer service you are used to getting from Paramount Drywall and Paramount Stucco. For structural shell bids please contact **Marcelo Arguello at (786) 402-7592 or via email at marguello@americanbuildersllc.com** ■

Paramount in our Community

This year we continue to sponsor the **Sony Ericsson Open Tennis Championship** held in beautiful Key Biscayne, Florida from March 24th to April 4th, 2010. This year the event was another huge success by drawing spectators from all corners of the world. This championship continues to be a major stimulus to the local South Florida economy as well as to all the charities it supports like Champions for Chile, Make-a-Wish Foundation, Habitat for Humanity, Tennis Against Breast Cancer and First Serve. Paramount is very proud to be a part of this great tournament for the sixth year in a row. ■

Sony Ericsson Open Tennis Championship Winners, Andy Roddick and Kim Clijsters.

ABC Fall Golf Tournament

This past January 29, 2010, owners and employees of Paramount took part in the annual ABC-FIU Golf Tournament to benefit the FIU Student Chapter of the Associated Builders and Contractors association. This year the event took place at the International Links of Miami Golf Course and was a great success. ■
