

DRYWALLito

Welcome...we are commemorating the start of our 25th year in business with the first issue of our quarterly Newsletter, Drywallito. The purpose of this newsletter is to keep our clients, suppliers, employees and friends informed of current happenings at PARAMOUNT.

Brief History

PARAMOUNT was founded by Arnoldo M. Robelo and his three sons, Arnoldo, Michael and Eduardo on June 5th, 1985, in Miami, Florida. The Robelos were, like many Americans, immigrants who moved to the United States from Nicaragua looking for a more stable and brighter future. The beginning like for most businesses was a struggle but through hard work, dedication and a commitment to quality and servicing our clients PARAMOUNT enjoyed continued growth by expanding to other markets like Broward, Palm Beach, Martin, St. Lucie, Lee, Collier, Sarasota and Osceola counties. At first our projects were limited to single family homes and small developments for local developers but quickly progressed to work on large subdivisions for publicly traded, national developers. In 1990, we started working on commercial jobs with projects that include Schools, Office Buildings, Mixed Use Buildings, Restaurants, Health-Care Facilities, University Buildings, Places of Worship, Auto Dealerships, Hotels, Retail Stores, Bank Branches, Warehouses and Toll Plazas. As we start our 25th anniversary we enjoy the integration of the third generation of Robelos joining the family business by maintaining our commitment that family is first and that our business is a way of life for all of us.

Projects in the Works

This past January, 2009, we completed our first LEED certified building in Miami, Florida, The Miami Green Building for ARELLANO CONSTRUCTION COMPANY. Our Scope of Work included Metal Framing, Drywall, Insulation and Cement Plaster Stucco. We thank Arellano for giving us the opportunity to participate in this important project.

We have also been working at the Miami Marriott Airport Complex for SUFFOLK CONSTRUCTION. An important hotel for Miami International Airport this project has a very tight schedule and we are working diligently with Suffolk to ensure a timely completion. Our Scope of Work includes Metal Framing, Drywall, and Insulation.

In March, 2009, we started our first jobs in Orlando, Florida for Pulte Homes. We sincerely thank Pulte for having the confidence in our team to give us the opportunity to open this new division. Pulte has been an instrumental partner

The Miami Green Building for Arellano

for PARAMOUNT by allowing us to grow with them in new markets. We wish them continued success.

In April, 2009, we were awarded the Causeway Square Mixed Use Building and Parking Garage in North Miami by LINK CONSTRUCTION. Our scope of work includes Metal Framing, Drywall, Cement Plaster/Stucco, and EIFS. We thank Link Construction for giving us the opportunity to work on this job and we salute their fund raising efforts on behalf of Florida International University School of Construction. ■

Our Featured Friend

Enrique Fernandez-Silva of EBR Miami. Enrique has been a tremendous friend and partner during the last 20 years by handling our Health, Life, Dental and Disability Insurance Package for all of us at PARAMOUNT. We have renewed our health insurance coverage with Enrique year after year due to his outstanding customer service and patience in dealing with the PARAMOUNT family.

His exhaustive annual renewal efforts have saved PARAMOUNT money throughout the years while maintaining an excellent level of benefits for our families. Enrique can be reached at:
Email: efs@ebrmiami.com Voice (305) 595-8850, Fax (305) 595-5115, Cell (305) 903 4562. ■

Our Featured Employee

Mario Gil, born May 9, 1962, in Havana, Cuba. From Erotic Exotic Rock and Roller in the 1980's to Project Superintendent at the Miami Marriott Airport Complex, Mario has been with PARAMOUNT since 1992. He traveled the world during the 80's as a band member for Erotic Exotic enjoying fame and success with top forty hits like "Take me as I am" and "L.O.V.E." Mario graduated from Miami Springs Senior High and attended the Miami Lakes School of Music. He started as a Metal Framer and now travels Southern Florida as Director of Safety and supervising jobs for PARAMOUNT in places like Immokalee, Florida. He is not only a music writer and composer but also an avid guitar player and sound engineer. We wish Mario continued success at PARAMOUNT and look forward to his 20th Anniversary with the company. "Thank You" Mario for your years of service and loyalty here at PARAMOUNT! ■

Benefits of Doing Business with Us

- In business since 1985 under the same name.
- Continuity. Third generation family owned business. When one owner is out on vacation or sick, there are three other owners for back up.
- Licensed, Bonded and Insured.
- Financial Stability.
- Customer Satisfaction.

Paramount in our Community

Our very own Mauricio Valencia, Estimator, seen here swinging at The ABC Golf Tournament to benefit the FIU Student Chapter this past February 13, 2009. Mauricio is part of the third generation of Robelos joining the family business and a student and chapter member at Florida International University. ■

A Great Cause

ING Marathon PanCan (Pancreatic Cancer) Team

The Pancreatic Cancer Action Network Marathon Team trains for various events each year. Members agree to raise a minimum amount of money in order to participate. Since 2006, PARAMOUNT and the Robelo family have been involved with this great cause in their Race for A Cure! ■

Sony Ericsson Open

Sony Ericsson Open

Paramount has been a proud sponsor of the Sony Ericsson Tennis Open since 2005. The Sony Ericsson Tennis Open is one of the most glamorous events in South Florida and is a great boost to the local economy in addition to supporting local charities like Feed the Children throughout the years. ■
